

## Ordering 2024 Resources for Years 11-12

The Hutchins School is partnered with Box of Books for providing digital and physical education resources for 2024. Stationery items will continue to be purchased through Office National, information regarding that will be sent separately.

The 2024 booklists for Years 11-12 are now available at [Box of Books](#).

In Years 9-12 the School runs various Bring Your Own Device programs. If your child requires a new device, we ask you make yourself familiar with <https://www.hutchins.tas.edu.au/learning-with-ict/>.

### Ordering textbook supplies through Box of Books

Please see the video linked below on how Box of Books works. [Box of Books - Service Overview](#)

**To ensure you receive your physical textbooks in time for the start of the school year, please place your order as soon as you are able. The final cutoff date for guaranteed delivery before Term 1 2024 is Friday 8 December 2023. For orders placed after the due date, the availability of items for Back to School delivery cannot be guaranteed.**

### Steps to order:

- Visit [Box of Books Shop](#) using your mobile phone number to log into your existing parent/carer account or create a new account if it is your first purchase.
- Choose an existing student or add new students, including their school email address if possible, and select school and year group (you will need to create a separate account for any subjects being taken at Fahan or Collegiate)
- Select the appropriate booklist eg Year 11 Booklist 2024 for each student.
- Select the required items from each booklist.
- Use the checkout to organise postage direct to your nominated address and complete payment.

Digital versions of the texts will be available in your child's Box of Books account immediately after purchase.

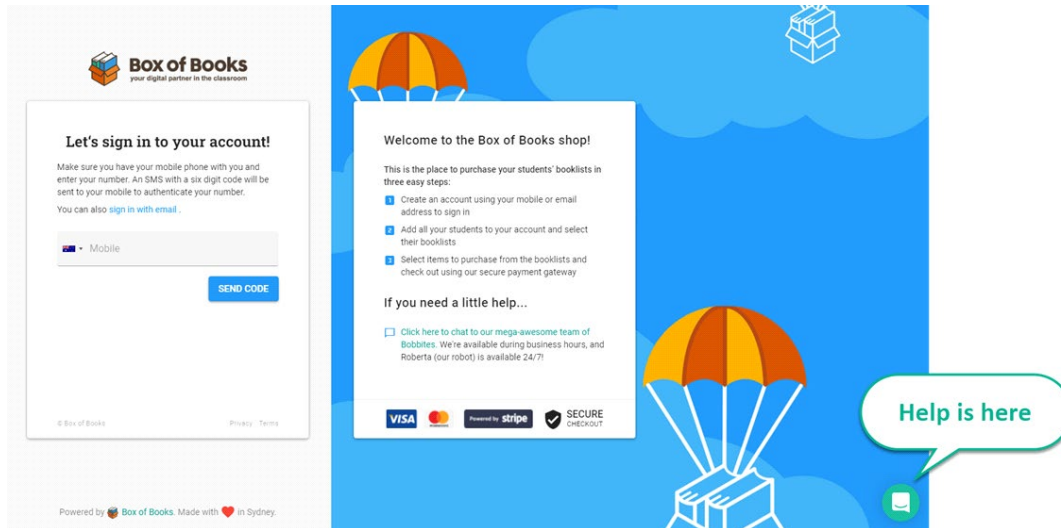

Some families may already have the school prescribed texts in hard copy, either through siblings who have completed the subject in an earlier year, or through the purchase of the text separately to Box of Books. Where this is the case, you can select the cheaper "Digital on BoB" option for the digital version of the text on Box of Books. It is important to note that if your child does not have the digital version through Box of Books then they will not have access to all the additional resources and enhancements made to the texts by the class teachers.

Digital texts that have been purchased can be accessed through the student's Box of Books portal. We strongly recommend students sign into Box of Books prior to the start of the year to ensure their textbooks and publisher interactives (e.g. online quizzes) are set up before classes commence.

[Please click here for more information on accessing your digital resources.](#)

For further assistance, please see [How to Purchase Books](#) or contact the Box of Books team through the in-app support function (located at the bottom right corner of the shop).
