Welcome

Welcome to another exciting year of sport at The Hutchins School. The Hutchins Junior School Sport program provides students with the opportunity to find their passion in sport through participation in a wide range of activities. With a number of internal and representative sporting options, the sports program continually strives to cater for a range of individual student interests, skill levels and experiences. Sports are scaffolded to allow for students to develop, progress and excel in a safe and supportive environment.

This year, the Junior School is adopting a similar approach to the Middle and Senior School by introducing a user friendly Sports Handbook to help assist you and your son with their sport selection. Although Year 6 are now part of our new Middle School, they will still be involved with the Junior School sport program as many of their rosters are Primary School based.

Each term, students must select an internal sport, which will run on Thursday afternoons for Years 3-4 students, and Friday afternoons for Years 5-6 students. In addition to this, optional representative sports are available each term. If your son decides to choose an external sport and compete against other schools, then they are required to choose that

sport as their internal afternoon option. This will allow them to practice and develop their skills for when they play competitive matches.

Participation in the sport program at Hutchins plays a vital role in the School's mission of nurturing character of boys who act with kindness, respect, humility and courage. The Sport program also enables students to:

- have fun;
- represent the School as an individual or as a member of a team;
- experience a variety of activities;
- gain an insight into their abilities in other activities, outside the classroom curriculum;
- gain new friendships;
- experience pride in their school;
- bring the benefits of co-curricular success into their classroom learning;
- experience the concept of winning and losing;
- take on leadership roles;
- take on the pastoral care of younger students in coaching;
- foster the relationship between staff and students;
- give to the School community, the benefits of their skill;
- develop lifelong recreational skills;
- develop a tolerance of others;
- foster a healthy lifestyle;
- experience the educational parameters of coaching, including but not limited to fair play;
- exhibit sportsmanship;
- further develop fine motor skills;
- show courage on the sports field;
- gain an insight into their character;
- gain an understanding and appreciation of game skills and strategies; and
- strive for excellence.

Thank you for your continued support of The Hutchins School Sport program and we look forward to working with all students and families over the course of the year.
