

# THE HUTCHINS SCHOOL BUILDING GOOD MEN

## Celebrating our 2016 Leavers

It is with pleasure that I share with you just a sample of the outstanding results achieved by the class of 2016. The results reinforce The Hutchins School's reputation as a high performing academic school in both pre-tertiary courses and Vocational Education and Training. It is pleasing to note the number of boys achieving an ATAR above 90 grew in 2016 to 33.75% and 41.25% of Hutchins boys placed in the top 15% of the state.

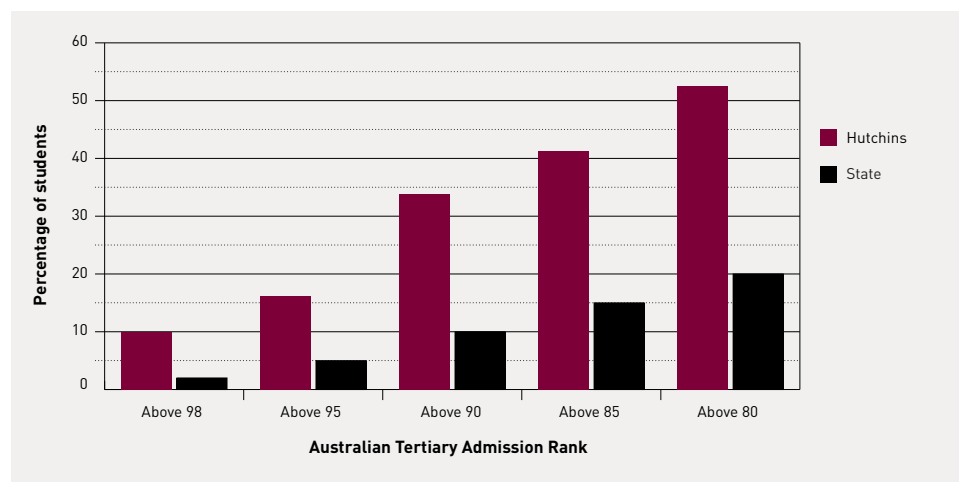

In addition to these results, there are a number of stories of boys whose commitment to their studies throughout last year culminated in achievements beyond their own expectations. It is in the context of boys achieving their personal best that we can reflect on 2016 with much pride.

Thank you to all staff at Hutchins who have inspired, cared for and nurtured each boy along his own learning journey. The following summary of results is the culmination of at least 12 years of education and are to be celebrated by the whole school community. I also thank the staff at both our sister school, St Michael's Collegiate, and the Fahan School for their support and delivery of a number of Year 11 and 12 classes as part of the co-operating schools arrangement.

Finally, I acknowledge the efforts of all boys in Years 11 and 12, not only in their academic pursuits but equally for their contribution and leadership across the full breadth of the School in 2016. This group of young men leave Hutchins having made a significant contribution to our school community. On behalf of the entire staff at The Hutchins School, congratulations and thank you.
