

THE
HUTCHINS
SCHOOL

Impact of Giving 2021

‘We make a living by what we get, but we make a life by what we give.’

— Sir Winston Churchill

Headmaster Dr Rob McEwan
with boys, taken on our
2021 Giving Day

Thank you for making an impact.

Welcome to our inaugural edition of The Hutchins School Impact of Giving report. The purpose of this publication is to thank all those who have contributed to our various giving programs. I trust you will find the stories within this report inspiring.

The Hutchins School vision is to provide an inspirational education where each student strives to achieve their personal best and is willing to serve their community as an informed and active citizen. Your generosity through the School's giving program contributes significantly to the realisation of this vision.

The Build Their Imagination 24-hour Giving Day this year raised well over half a million dollars. These funds were raised by our community and contribute to the Make Your Mark capital campaign that will assist in delivering our ambitious plans contained in our master building plan.

2021 has been a very special year in the School's remarkable history as we celebrated our 175 anniversary. As a community we looked back with appreciation and admiration of the efforts of generations of the Hutchins community before us and we also look forward with great optimism and enthusiasm. The future is bright and we stand at the verge of opportunity. We cannot do this work without your support.

We are deeply grateful for your generosity and ongoing support. Together our efforts will change the lives of generations of boys to come.

— Dr Rob McEwan Headmaster

Impacting the lives of our boys

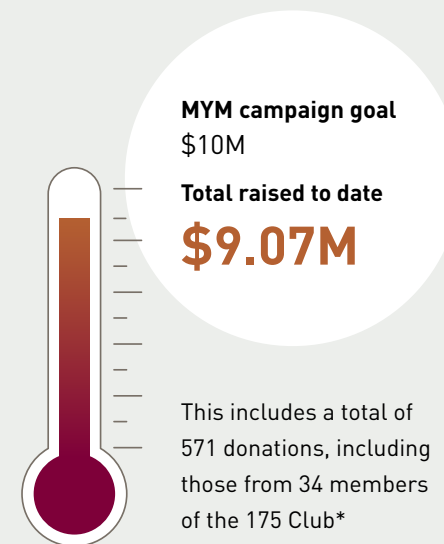

Following a recent Foundation Committee meeting, the committee discussed the vision for the Signature Building on the proposed site

It is a blessing to be a part of this wonderful community and a privilege to be directing our Advancement Program. Our mission is to advance and grow a culture of giving and as we undertake this important work, we are constantly striving to build a successful, sustainable and enduring program. Ultimately, we do this work for our students so that they are given the best possible education.

We have had some extraordinary and many wonderful moments in what has been a record-breaking year. While we can be proud of the total dollars raised, the total number of donations is the most important metric. At 1470 donations, this is an indication of our success in building a culture of giving. We are grateful to all our donors regardless of the size of donation.

We are currently in capital campaign mode raising over \$9,071,498 to date (in three and a half years) and as we announced late last year our revised target is \$10M. These numbers are unprecedented in a Hutchins context. Please visit our capital campaign site makeyourmark.hutchins.tas.edu.au if you would like to learn more about how to contribute.

*175 Club includes those who have committed a minimum of \$17,500 over 5 years.

This is an incredible journey we are on. While we have made some progress, there is more work to be done.

We wish to thank you, our donors. You are genuinely impacting the lives of our boys. You have taught us that giving is joyous and our job is simply facilitating that joy. We rely on so many people to assist us in our mission. We wish to thank all of those who assist us and would like to acknowledge the School Executive, Foundation Committee, the Bequest Working Group and the School Board for their leadership and guidance.

On behalf of the Advancement team, thank you for your continued support.

— Mr John Groom Director of Advancement

The John Edwards Family Scholarship

‘I think too, that I was more than fortunate in having as Prefect’s, boys of the calibre of John Edwards, John Rogers, Robert Brodribb, Tim Bayley and Tim Burbury. These stand out in my memory as five of the best type of Australian youth.’

— Geoff Newman, Headmaster (1959–63)

John Edwards was known to many in our community as a thoroughly decent family man. He was one of those rare individuals who made an extraordinary contribution in so many ways. He enjoyed a successful business career, was a community minded man and a quiet achiever.

He was known privately to assist extended family, colleagues, friends, as well as many causes dear to his heart. While John himself would have been slightly hesitant to be featured in an article such as this, it is for precisely that reason that we must celebrate John’s generous contribution.

John attended Hutchins from 1947 to 1959 and was an active and engaged student from the start. He excelled in athletics, winning races and breaking records. In his final year as Captain of Athletics, he was chaired from the field after steering Hutchins to a victory by just one point! He was School Captain and Senior Prefect, Stephens House Captain, Captain of Football and rowed in the First Eight.

John later served with distinction on various committees of the HSOBA, as a member of the Board of Management, Chairman of the Finance Committee and a Director of the Hutchins Foundation.

He was a mentor to many and he was inspired to provide life changing opportunities to boys who would otherwise not have the means to attend the School. John sadly passed away in 2021.

The John Edwards Family Scholarship continues and one recipient, 2021 leaver Henry Burnett recently had the opportunity to meet with Mrs Jill Edwards, John’s wife, and Mrs Louissa Johnson, his daughter, to say thank you and let them know what it has meant to him to attend Hutchins.

Henry says that receiving a scholarship has pushed him to make the most of his time at Hutchins and he did not want to waste the opportunity that had been afforded to him.

‘The effect that giving has on our whole school community cannot be overstated. It is only through the kind-heartedness of donors that people like me are able to experience the best possible education and become part of such an incredible community.’

On behalf of The Hutchins School, we wish to thank the late John Edwards and his family for their ongoing support.

Vale John Edwards – Vivit Post Funera Virtus. 🕊

Jill Edwards and
Louissa Johnson with
Henry Burnett ('21)

2021

giving update

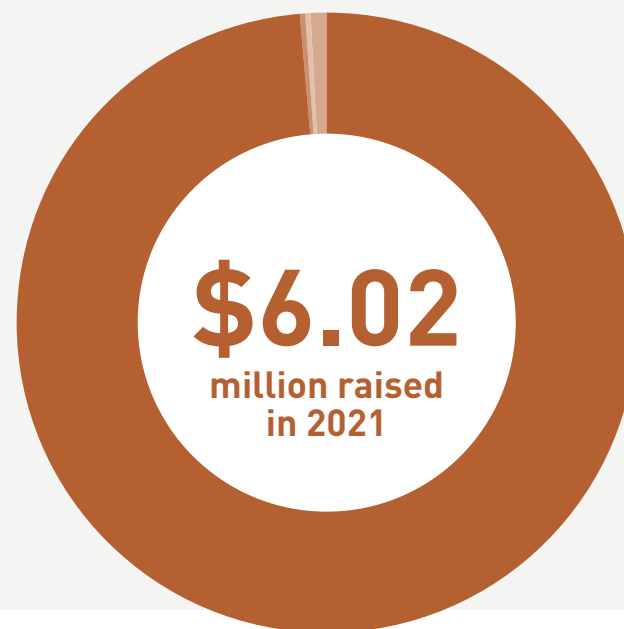

While school fees and government funding comprise the bulk of the School's operating budget, there is still a gap. Giving is critical to bridging the gap and ensuring that our boys receive the best possible education. We wish to thank all of our donors in 2021.

Who gave?

- 531 donors gave to the Build Their Imagination – Giving Day 2021
- 182 loyal donors who have given for 3+ years
- 83 loyal donors who have given for 5+ years
- 21 loyal donors who have given for 10+ years
- 24 confirmed members of The 1846 Society
- Oldest donor – 99 years old
- Youngest donor – 7 years old
- 16 international donors
- 55 staff donors
- 200 alumni donors

Opportunities created

12 scholarships were awarded in 2021, and we also celebrated the graduation of:

- Three School of Performing Arts Scholars
- The Arthur Park Memorial Scholar
- The W H Mason-Cox Scholar
- The John Edwards Family Scholar
- The Robert Nettlefold Scholar
- The Lady Franklin Scholar
- The Hutchins School Scholar
- The Grace Calvert Scholar 🏡

The world at his feet

'I, along with my fellow peers, departed The Hutchins School environment with a great sense of pride and deep sense of appreciation for the precious gift that we have been given. A Hutchins education is more than just a certificate of completion at an educational institution, it is a tool that I will cherish and a gift that each and every Hutchins Old Boy will carry for life.'

— Billy Blackett ('19)

Billy with a group of Year 9 students undertaking a part of his Adventurous Journey within his Gold Duke of Edinburgh's International Award tasks

There is no more powerful story of impact than that of 2019 leaver, Billy Blackett and his story is just beginning.

Billy was awarded the Foundation Community Scholarship to attend Hutchins for Years 11 and 12 and he understood innately the importance of stepping outside of his comfort zone in order to maximise the opportunities presented.

In the space of two years, not only did Billy rise to serve as Prefect and Captain of School House, he was also awarded the prize for Dux! Since leaving school Billy has been incredibly busy with his study at UTAS, setting up and growing his tutoring business, Affordable Tutoring Tasmania and mentoring disadvantaged youth.

His tutoring business started with one student and now has more the 130 students. Some weeks Billy is receiving up to 20 enquiries from prospective students and their parents from around Tasmania and interstate.

He credits his Hutchins journey as his launching pad, although we suspect that Billy would have prospered at any school and we are pleased he chose us! We recently caught up with Billy and he reflected fondly on his Hutchins experience.

'Whilst it may sound like a cliché, what Hutchins offered me over my short time was truly life-changing. The opportunities, education, network and confidence the staff, leadership and students provided me is something I will always be incredibly grateful for.'

While Billy threw himself into his academic, sporting and leadership pursuits during his final year, he also somehow found time to complete the tasks required for the 'Gold' Duke of Edinburgh's International Award. This prestigious achievement requires a serious commitment and shows that you have the skills, determination and attitude to really succeed.

Billy and Mr John Groom,
Director of Advancement discuss the
Make Your Mark capital campaign

Billy with his mother Monica at his recent
award ceremony for the 'Gold' Duke of
Edinburgh's International Award

While many Hutchins boys have participated in the awards over the years, we know of two boys who have been awarded Gold. We suspect that Billy is going to make a significant contribution in whatever he turns his mind to and we look forward to hearing more of Billy's endeavours. 🍷

An attitude of gratitude

Nicholas Ellsmore ('96) understood the importance of being grateful for his Hutchins experience as a school boy. While he was not able to write to the original donor who funded his scholarship (F R S Dawes), he did go to the trouble of writing to surviving family members.

Nick with his family on a recent bushwalk at Mt Field

These days Nick expresses his gratitude by giving back to the School. At a relatively young age he has been successful in business. He was a matching donor for the Giving Day 2019 which raised funds to establish the 1846 Scholarship and more recently, he has become a platinum member of the 175 Club as part of the Make Your Mark campaign. We recently had the opportunity to sit down with Nick.

What age were you when you entered Hutchins?

Year 7, I was 12. I'd just come back to Tasmania after spending five years living in Hong Kong which was an amazing experience.

How did being a scholar impact on your time at Hutchins?

I was going to take every opportunity that was put in front of me and do everything I could to make everyone know that giving me the scholarship was the right decision. I expect it's no coincidence that Year 9 was the first year of the scholarship and I was Dux of Year 9. But the scholarship focused my mind and made sure that I really gave everything that I could.

Tell us a little about your family?

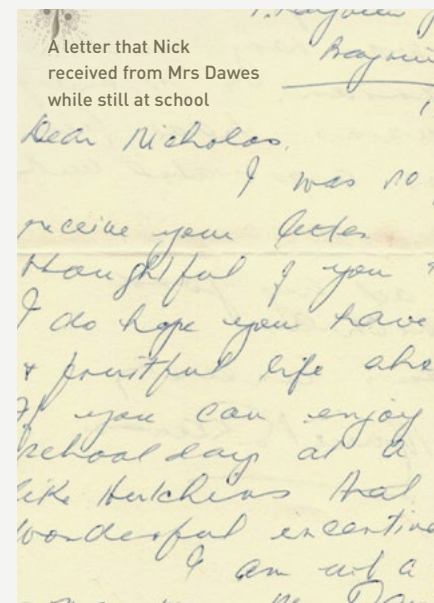

I met my wife, Skye, at University in Sydney where we were both studying the same program (Information Systems & Management). We have two children, Carter (11) and Indigo (6). We regularly visit Tassie, and I'm certainly doing what I can to make sure that Carter and Indi feel as 'Tasmanian' as they can despite having a much more limited connection to the state than I obviously did.

What have been your career highlights so far?

I've had a great career in cyber security and there have been a lot of highlights. I was recognised as the inaugural winner of the Australian Information Security Association 'Information Security Professional of the Year' in 2012. I successfully built and sold two cyber security businesses, the first sold to BAE Systems in 2010 and the second sold to Trustwave in 2018.

What motivates you to give to Hutchins?

I just love Tasmania and I had a truly wonderful school experience at Hutchins. I both feel a debt to the School for what it gave me and I want to do what I can to ensure other boys get as much from it as I did.

I am very conscious that the success I've experienced is in no small part a result of the time and resources that many people (and institutions) have invested in me over a long period of time, really without any expectation of getting anything back. I've had some amazing mentors who have given me great advice, and many of the teachers at Hutchins I include in that. 🌟

The lives of many students and their families have been directly impacted, thanks to those who have left a legacy gift to The Hutchins School. As you look around the campus you can see the evidence of previous generosity that has helped shape the facilities.

This generosity has also shaped the lives of the boys, whether it be by providing individual support through a scholarship or facilitating and contributing to the many educational opportunities and experiences that a student will receive during his time at the School. Today, those who have confirmed their intention to include Hutchins in their will are invited to join the 1846 Society.

It has been over 50 years since Simon Bamford ('70) graduated from The Hutchins School, a time he remembers both fondly and vividly. As an 1846 Society member, Hutchins remains a very special place to him. He is grateful because he believes that his time at the School helped influence who he is and how he chooses to lead his life. It was lovely to hear that he considers the friends he made at the School as friends for life and whose company he still enjoys.

Simon also made the observation that the School appears to be improving with each generation and is proud that 'so many outstanding graduates continue to make such a valuable contribution to society across all spheres.'

Another member of the 1846 Society is Chris Hood ('95), a third generation Hutchins boy who believes his experience in the School's metal room impacted the direction of his life. When asked about his decision to include Hutchins in his will, he expressed a very clear vision about what he wanted to achieve.

'For me, it is about providing an opportunity to someone who otherwise may not have had the chance.'

Chris still works with metal today and remains grateful for his time at the School. His hope is that through a gift-in-will, another young student will also receive the educational experience they need, so they too can 'live their dream'.

The School is so blessed and grateful to have these incredible members of our community who continue to contribute, support, and engage with The Hutchins School and the boys.

Vivit Post Funera Virtus. 🇺🇸

For those requiring more information or are contemplating joining the 1846 Society, please contact Ms Jane Blakeway on +61 3 62214239.
